Visa, MasterCard, AMEX, Discover, Diner's Club, Cash

Reservations:

Optional

Attire:

Casual

More Info:

Breakfast is served all day

Best known for:

A fun learning experience and delicious American cuisine.

America is more than just a restaurant; it is a culinary journey across our nation. Before the food even reaches your table, it would be impossible to miss the 90' x 20' map of the United States. The map itself is a work of art. It's entirely 3D and depicts mountains, lakes, rivers, and many other geographical features. There are also symbols in each state that represent what each is all about. This is the perfect restaurant for those traveling to Las Vegas from another country and it's great for kids because the fun décor will automatically draw in hungry young minds and they are able to learn while they eat a delicious meal. America is open 24 hours a day (just like the city that never sleeps) and offers classic American cuisine that represents each region of the U.S.

To start the meal off right, travel to the southwest with a basket of spring rolls or all the way up to the northeast with Maryland crab cakes. For a little bit of everything, indulge in the American Sampler. Travel to Pennsylvania and sample an authentic Philly cheese steak or head to New York and grab a hot dog that tastes like it came right off a cart on a street corner; choose from the foot-long Sabrett or the Coney Island style dog. For breakfast, try some Virginia ham or southwest steak and eggs. For a taste of the south, the country fried steak and eggs are sure to fill you up to start the day off right. There is also a wide selection of soups, salads, sandwiches, and other café style items that Americans have grown to love. If this is your first time in the states, this restaurant is a must. Only in Vegas can you travel the country without even leaving the dinner table.
