The design of the restaurant was created by Jeffrey Beers International, one of the most ground-breaking and talented design firms in the world. With chefs with over 12 years of experience, you are sure to be dining on the best of the best when it comes to Mexican cuisine. The appetizers on the menu are sure to get your appetite amped up for what is to come! Try their salsa trio, which is a daily creation of sweet and savory salsas served with warm tortilla chips, or try the guacamole fresca, which is prepared right at your table using fresh avocados, tomatoes, jalapenos, and chopped cilantro and served in a molcajete dish. Some other favorite starters are available such as nachos rancheros or a Yolos sampler, perfect for sharing amongst the table. Yolos serves your favorite Mexican dishes with an inventive twist. They have your typical Mexican cuisine such as tacos, enchiladas, and fajitas. Other delicious entrees include the carne asada ranchera, grilled rib-eye steak, and the fabulous salmon a la diablo. The salmon is pan seared and served atop poblano mashed potatoes, drizzled with an avocado habanero cream broth, and served with a tomato watercress salad. They also have a variety of soups and salads to choose from, for lighter fare. But above all else, whether you are eating or not, if you come to this place make sure you try the margaritas!
